## User Manual

Thank you for purchasing our product. For optimum performance and safety, please read this user manual carefully before operating the product. Please keep this user manual for future reference.

## Product overview

## Digi-Power Technology

Unique smart digital display technology, showing exact remaining power in digital format.

## iM-Power Technology

1. Exclusive intelligent charging technology specially for iPhone, providing charging speed up to 200% compared with original charger.
2. Automatically identifies charging devices, providing optimal current to charge faster and safer.

## Charge Times

New MacBook  
2.5 times

iPhone X  
7.7 times

iPhone 8  
11.5 times

iPad Mini 4  
4 times

Galaxy S9  
7 times

LG V30  
6.3 times

Google Pixel 2  
7.8 times

## Features

1. Ultra compact design: optimum size among the same capacity Quick Charge 3.0 & USB Type-C power banks.
2. Super functional design: Micro USB Quick Charge 3.0 input , USB Type-C bidirectional fast input&output, 1\*USB Quick Charge 3.0 output & 1\*USB 5V/2.4A output).
3. Using Quick Charge 3.0 technology: it saves 2/3 charging time, quickly recharge by USB Type-C slot (Easy to Swap Sides) and Micro USB charging slot.
4. Digi-Power technology: show exact remaining power in digital format.
5. iM-Power technology: detecting your device intelligently and delivering the faster charge.
6. High capacity and top quality: 27000mAh capacity, quality guaranteed with build-in Lithium polymer batteries, safer to use.
7. Multiple smart protection system: keep your devices safe from over-charging, over-voltage, over-current, and short circuit.

## Specification

Model: X6S Pro

Battery Type: Li-polymer Battery

Capacity: 27000mAh/99.9Wh

Input: Micro USB (5V/2A, 9V/2A, 12V/1.5A),

Type-C 5V/3A

Output: USB1 (5-6V/3A, 6-9V/2A, 9-12V/1.5A),

USB2 5V/2.4A,

Type-C 5V/3A

Color: Black & Gold

Size: 6.69\*3.43\*1.18 inches

Weight: 21.8 ± 0.35 oz

Operating temperature: 0°C ~ +35°C

## How to use X6S Pro

1. Turn on: press power button shortly. digital screen will start showing remaining power once it has been started successfully (power comes with automatic load recognition).
2. Turn off: the X6S Pro will turn off when remained idle for 5+ sec and completely shut down when remained idle for 45+ sec.

- Notes:**
1. Please use original or imuto USB Type-C cable when Type-C port is connected.
  2. It is normal that Taurus X6S Pro gets a little warm when multi-devices are charging at the same time.
  3. If the battery of your device runs out, the charging speed may get slower because of the battery self-protection.

### ■ How to charge X6S Pro

1. Connect the power bank to a computer or a USB charger.
2. Smart digital screen flashes and shows the percentage of remaining power when the power bank is charging.
3. The screen stops flash and shows "100" when fully charged.

- Notes:**
1. The digital screen flashes while recharging the power bank and charging devices at the same time.
  2. In order to quickly charge the X6S Pro, please use a certified Quick Charge 3.0/2.0 adapter and Micro USB data cable.
  3. Please make sure your adapter and Type-C cable supports 5V/3A output when you want to quickly charge the X6S Pro by connect to the Type-C port.
  4. Do not support to charge the X6S Pro via Type-C USB input and Micro USB input at the same time.
  5. When charge the X6S pro via Type C input slot, the USB1 (QC 3.0) output is prioritized, and the USB2 output will be auto turne off.
  6. When charge the X6S pro via Micro USB input, all 3 outputs are available.

### ■ How to charge your device

1. Use your device's original cable or third-party certified cable (such as MFI) to connect your device to USB port of this power bank.
2. The power bank charges your device with automatic load recognition.
3. Disconnect your device when it gets fully charged.

- Notes:**
1. Please make sure your device supports Quick Charge 3.0 /2.0 technology when you connect it to the Quick Charge 3.0 output slot (USB 1 Output).
  2. Please make sure your device supports 5V/3A input when you connect it to the Type-C slot.

### ■ What's in the Box

1. Power Bank \*1
2. Pouch \*1
3. User Manual \*1
4. Micro USB data cable \*1

### ■ Warranty

18 months warranty starts on purchase date, excluding accessories. Warranty expired automatically with damage(s) caused by inappropriate use and/or force majeure.

24 hours email customer support  
support@imuto.com  
www.imuto.com
